In City Trenches, Ira Katznelson looks at an important phenomenon of the sixties—the resurgence of community activism—and explains its sources, challenges, and failure. Katznelson argues that the American working class perceives workplace politics and community politics as separate and distinct spheres, a perception that defeats attempts to address grievances or raise demands that break the rules of local politics or of bread-and-butter unionism.

City Trenches is also a probing analysis of the causes of urban instability. Katznelson anatomizes the unique workings of the American urban system which allow it to contain opposition through “ machine ” politics and, as a last resort, institutional innovation and co-optation, for example, the authorities ’ own version of decentralization used in the 1960s as a counter to a “ community control. ”

Ira Katznelson - Wikipedia

June 2010 | 1 624 pages | SAGE Publications Ltd. Download flyer
Recommend to Library. Description. Contents. Preview. City politics is an ancient, enduring and vibrant enterprise that can be traced back over two millennia. Its key concerns include the nature of power, institutions, governance, community, scale and economic processes, as well as the urban citizenry itself and the public policy efforts to address their problems.
