Conditioning Compressor Basics Pag Oil Capacity Chart

The total system oil capacity for many late model passenger car A/C systems is only about 4 ounces (120 ml). A low oil level can starve the compressor for oil and lead to

Download Free Pag Oil

compressor failure.

CAUTION: Do NOT overfill the the A/C system with too much compressor oil. Too much oil can hurt cooling performance.

A/C Compressor PAG Oil Application Chart - AA1Car.com

PAG is a synthetic oil for AC compressor.

Besides knowing how

Download Free Pag Oil

Capacity Chart
much PAG oil to add to AC system, you also have to use the correct viscosity oil. Each PAG oil type has a number such as PAG150 or PAG VC-46. This number refers to the PAG viscosity, similar to a number like 10W30 indicates the viscosity of a regular engine oil.

How Much PAG Oil to

Page 11/35

Download Free Pag Oil

Add to AC System - CAR FROM JAPAN

To have enough effect for troubleshooting, 10 Vol % of the system oil quantity already suffices. For example, with a total system oil quantity of 180 ml, this corresponds to just 18 ml PAO Oil 68 Plus UV. In addition, PAO Oil 68 Plus UV can also be used as the only oil
